

Summer is here, and it's time for the annual Summer Reading programs around the state. Arkansas public libraries want everyone, not just children, to have fun reading as well as working on reading skills. The materials are provided by the Arkansas State Library with funds from the U.S. Institute of Museums and Library Services

This summer adults, teens and children can be armchair travelers with special themes for each group – One World, Many Stories; You Are Here; and Novel Destinations. What is your local library doing with programs and activities for the different age groups? Check out the Summer Reading schedule of activities at your local public library -- <http://www.library.arkansas.gov/Pages/stateMap.aspx>

Travel the world in a good book and have a vacation all summer long!

Arkansas is a member of the Collaborative Summer Library Program (CSLP). By working together this grassroots consortium of states is able to provide high-quality summer reading program materials at the lowest cost possible for their public libraries.
